Victor JOT 2022

SPONSORED BY:

Dear players, trainers, coaches, parents, chaperones, and sympathizers,

Welcome to Edegem at our International Junior OLVE Tournament. (JOT)

OLVE is the name of the sportsclub where the abbreviation stands for Onze -Lieve-Vrouw van Lourdescollege, so a direct link with the nearby college (primary and secondary school) where the club started.

This tournament is not just a youth tournament, but a European top level event for young people, organised by a passionate young team, who are being supported by more than 70 OLVE players and friends, that is one in four OLVE-members!

Every year, we try to make this tournament a better event. Also this year with close to 400 entries, we will play in two halls ending on Monday in Edegem. The under 17 tournament is part of a European circuit. As these tournaments need to be played within one week, finals will be played on Sunday afternoon, on dedicated courts.

Our event has been built on more than 35 years of organising experience. This experience and the visible result are definitely being appreciated by the teams that have visited us before. Also this year, a lot of "familiar" faces will come to Edegem. They have done some mouth-to-mouth advertisement, so that we can welcome a series of new teams and a number of new countries. In this edition we welcome players coming from more than 25 countries!

Finally, we would like to thank all trainers, coaches, parents, chaperones, sponsors and all fellow workers of OLVE. We hope, together with all of you, to see a lot of exciting matches in a great atmosphere.

As many of you already know, playing badminton at OLVE in Edegem during Easter weekend stands for a long weekend of sports and fun in a great atmosphere!

Good luck to all players, be sure to mark your agenda for 2023!

Welcome in Antwerp, welcome in Edegem

The team of OLVE-Badminton, you, the coaches and players, the umpires and referees are this Easter weekend a team. Our target is to make Badminton a celebration. This celebration menu serves sportsmanship, good badminton, and correct behaviour towards the opponents and rules.

To have such a winning situation for organisation and players, there are some general rules to be followed.

In the first place, you, as coaches have an exemplary function in this – be ready for it.

Draw

Some categories will be played in pools and then knock out system, some in knock out system from the start.

More information during the coach meeting.

Procedure before a match

Once a match has been called upon, the players report to match control.

On Friday for U17, Saturday for U11->U17 and Sunday for U11->U15, they collect the score pad at match control and ask for shuttles at shuttle control.

Shuttle control gives 2 shuttles for the match, and one or two shuttles for knocking up.

On Sunday for U17 and Monday for the other categories the umpire will collect the score sheet and the shuttles.

Going on court

The players go directly on court. They don't wait for their coaches or for the umpire.

Take all needs on court (players)

Only players are allowed in the area of the court. Supporters stay in the seating area (stands).

Spare rackets, drinks (only closed bottles, and no glass), towel and handkerchief need to be brought to the court by the players before the match. If you want to hand over something to the players during the match, please see the referee to do so.

Toss

As soon as the players are on court, they immediately start warming up, after which they toss.

Knocking up

Knocking up should not last longer than two minutes, starting from the moment the match has been called!

Clothing and advertising

Clothing should be compliant to the latest BWF clothing regulations.

More information about clothing regulations during the coach meeting.

Procedure during a match

Until the semi-finals, players will be responsible for the line calls. In case of dispute the referee will decide. We expect players to conduct themselves on court within the spirit of the game.

In case of a problem with the score the referee's decision is final. He will appoint a person to act as a scorekeeper when needed.

Players and coaches shall not use Mobil phones or other electronic devices during the match.

Camera's should not block the spectators or other participants.

In case of injury, the referee decides when the official medical qualified person should attend on court.

One coach is allowed near the court. The players stay within the court area.

In case of blood injuries, the match will immediately be stopped, and first aid will be applied.

Shuttles

If both players disapprove of the shuttle, it should be changed. In case of a dispute, the referee will decide.

Testing shuttles or frequent changing is not allowed!

Victor Maxima shuttles will be used throughout the tournament.

Coaching from off court (Den Willecom)

Only coaches wearing a name tag are allowed into the playing area. These badges will be distributed in the administration office.

Only **coaches** will be allowed to **stand** at the back of the court during the match. Players will not be allowed to act as a coach for their team members, unless approval has been asked at match control. They are not allowed in the court area during the match.

There will be no second warning for misconduct on the rules of coaching or bringing food into the hall.

Procedure during a match

After the first game, players change ends before meeting their coach.

In the intervals only one person may join each party on court.

Intervals

When the leading score reaches 11 in each game, players are allowed to have a 60 second interval.

Between 2 games, there is a 120 second interval. Coaches must leave the court at 20 seconds from the end of the interval.

Procedure after the match

The winner fills out the game scores and encircles the winner, collects all shuttles (new and used) and leaves the court immediately.

All players and coaches leave the play area immediately after the match.

The score pad must be returned to match control and the shuttles to shuttle control.

Injuries in a later stage of the tournament

Permission to stop playing singles but continue playing doubles will not be granted. Stopping a match by retiring without permission of the referee will be treated as an injury. This means that players will not be allowed to play their next match(es) either.

Umpires / scorekeeping

Umpires will only be assigned on Monday and also on Sunday for U17 semi-finals and finals. If scorekeeping is necessary on Saturday or Sunday (e.g. for language problems) score boards are available at match control. Scorekeepers are not allowed to intervene during the match and have to follow the instructions of the referees.
